Tagxedo Tutorial

Advanced Skills:

Putting Words into a WORD

1. Click Shape
2. Click Add Words
3. Type the word you want
4. SHORT WORDS LIKE "MOM" look best
5. Select a FONT
6. Click Accept

7. Try Playing with Layout Options
8. Reducing the Emphasis will make the words closer to the same sizes
9. Increase the word count a little will add more words to the shape and fill in blank areas
