

SCOTT J. WYNNE
Asst. Superintendent for Curriculum & Instruction

To: All Principals of Title I Schools
Re: Title I Attestation

Please read and sign below to confirm adherence to the Title I policies noted below. As per Title I regulations, principals of Title I schools must attest in writing annually as to whether the school is in compliance with the policies below. It is important to note that **the District only employs highly qualified teachers and teaching assistants.**

- Any teachers whose positions are proposed to be paid by Title I funds are highly qualified to teach each core academic subject to which they are assigned; or in the case of AIS teacher positions to be supported by Title I funds for the provision of supplemental services, such teachers have NYS certification in the subject area(s) of AIS assignment.
- All other teachers of core academic subjects are highly qualified or are making progress towards becoming highly qualified.
- All paraprofessionals working in a program supported with Title I funds or a school wide program and providing instructional support have met the qualification requirements.
- All paraprofessionals working in a program supported with Title I funds or a school wide program have earned a high school diploma or its recognized equivalent, regardless of whether the paraprofessional is providing instructional support.
